Autumn 2021

Can you believe it, Autumn is well on it's way! Here at Tranquillo we have a lot of exciting news to share with you...

I would like to take this opportunity to thank you all for your amazing support with treatments and products. To be supporting local in the CBD we realise is not always easy especially with continual parking issues. We truly appreciate your support and to say thank you we have put together some fantastic Autumns deals.

Here at Tranquillo we have a lot of exciting news to share with you.

As many of you know Sally has had baby Lucy. The family are doing really well, and for those of you who have been waiting she is due to come back in June.

I would also like to introduce two new therapists to our team, Shayla and Stephanie.

Shayla is a trainee, having just completed her theory training she is now doing an internship with us and doing exceptionally well in all areas.

Stephanie is a junior Therapist who has just joined us and is fitting in well, always with a big smile.

Marti is going from strength to strength with the training we have been doing, especially with Dermal needling and IPL.

And for myself, I am loving having a full team to work with, which is really exciting. I had planned on having a week playing in our National Hockey Tournament that I had been training for, unfortunately like many events this was cancelled, so back to Plan B and work!

With the year of change we have reviewed the pricing of all of our Treatments to cover in the increase in costs. So, there will be some price changes on our treatments soon.

As we have transitioned from our lovely BOP Summer to our crisp days of Autumn so does our food, clothing and environment change. Which brings me to the impact on our skin's requirement for the new season. With less humidity, cooler days, more indoor time we need to adjust our skincare regime to ensure we are doing the best for our skins' health. A wonderful opportunity to take up the Autumn Facial Package to review your skins needs.

We look forward to seeing you soon.

Sue and The Team
from Tranquillo.
